

Together against Covid-19 Pandemic

BioRN Member interested in cooperation: PROGEN Biotechnik GmbH

Member Profile: <https://www.biorn.org/member/PROGEN-Biotechnik-GmbH>

Contact Person (Name and Position):

Maik Lander, General Manager

What can we offer:

- Autoclave for heat sterilisation of medical or other equipment (e.g. in hospitals, testing labs)
- qPCR instrument (depending on circumstances and urgency of the situation)
- PCs (empty hard disk without OS) incl. mouse & keyboards in case quick replacement is needed and supply chain is not working
- Coating of microtiter plates for Covid-19 immuno-assays (ELISA) as service to increase capacities
- Lab technicians (depending on circumstances, on voluntary basis)

What are we looking for:

Casein (fatty acid free, for blocking coated microtiter plates, currently supply is limited)

Please contact us here:

Maik Lander
