

Together against Covid-19 Pandemic

BioRN Member interested in cooperation: VectorBuilder

Member Profile: <https://www.biorn.org/member/VectorBuilder-GmbH>

Contact Person (Name and Position): Justin Mirus, Senior Territory Manager

What can we offer:

Coronavirus S-protein pseudotyped lentivirus

Recombinant coronavirus vectors (25+ species)

Cell line models for Corona-related research

Animal models for Corona-related research

Cell lines for isolating and propagating coronavirus

Cell lines for packaging coronavirus

Cell lines for overexpressing recombinant coronavirus genes

We are happy to join partnerships or initiatives where research would benefit from our custom cloning and virus packaging expertise.
